

Enumclaw Jr. Hornets Football Sponsorship Program

This year's football season is approaching quickly and the Enumclaw Jr. Hornets Football Team would be honored if you or your business chose to sponsor youth football for this year's season.

Our season looks very promising with many players returning ready to hit the field. We are looking forward to many newcomers as well.

We need support to provide our young football players with a positive and successful learning experience. The money earned will go towards league fees, insurance and equipment that our teams will need. Please consider supporting our non-profit youth program by signing up now for one or more of the sponsorship programs available.
